Summary

I have sound academic backgrounds in arts & has longstanding experience/passion in drawing/painting, pandel designing & execution. I have enhanced my production quality & art design by my recent ZICA & ZIMA Course.

I have evolved as a Motion Graphic Designer & Video editor through my recent course with MAAC. It has helped to think of painting beyond 3D concept & also helped to secure/execute my overseas consultancy work smoothly. I have learned time based project execution & how to align my skills according to my customer's need
